By integrating the regional development of creolisation in Western Africa with global forces, the shape of the book illustrates one of its key points: that the emergence of what we may call world historical connections in the sixteenth century was a consequence of the interaction of analogous local and global forces on The Rise of the Trans-Atlantic Slave Trade in Western Africa sides of the Atlantic world. Naturally, this related to the trans-Saharan trade, but, like the emptying of the villages on the coast, it most likely also related to the new seaborne trade. Thusevents in the Saluum may illustrate the sort of primary creolisation whi
