Sep 24, Matt Bolton rated it really liked it. On current trends, we are headed for lower average incomes and employment.

On current trends, we are headed for lower average incomes and employment. Wo

The signs to watch for are: unemployment rates drift higher; no signs of investment in trade-exposed industries; increased domestic spending without an improvement in competitiveness; and growing indebtedness to foreigners. How did it develop and systematise its unique form of apocalyptic violence? Both forecast and analysis, it heralds a new era for Australia after the boom. Martin, J. Refresh and try. Ross Garnaut draws on the lessons of the past and an ability to explain complex economic issues.
