If possible, ask some friends and acquaintances about the subject of out-of-body travel or conscious dreaming. It is now known how to easily master it and apply it effectively. Depending on the situation, there are many possible positions: lying down on the back, on the stomach, on the side, or even in a half-reclined position.

When can direct attempts be made for a longer period of time

than usual? Relaxation in these cases should take no more than 1 to 3 minutes and no longer as because when a practitioner is expert at relaxation it is sufficient to just think about it, and it occurs. If a practitioner naturally wakes up in a forceful manner, it will be difficult to regain sleep. They can be very short in duration or shallow. Why should one practice all of the primary techniques in a relaxed state? Vromans Bookstore Blog.
