How would you feel if you. A read for .
I don't know if there is a why. Thanks for telling us about the problem. Dec 30, Gigi Sedlmayer rated it it was amazing. I didn't know the person who wrote the editorial review, so I relied blindly on the glowing reviews and went in maybe with too high of an expectation for the book. Not trivia or quizzes. There are many adults who like YA fantasy literature, so my latest book can certainly be enjoyed by readers from ages 11 to and more!
